# xandros desktop 4

Making Linux Work For You

Xandros Desktop 4 is an easy-to-use Linux desktop operating system that offers security, stability, and a collection of tools. Xandros, which is built on the reliable Debian platform, provides an easy transition for Windows users who want to get started with Linux. Experienced Linux users will also find much to like about the promising Xandros Desktop, including a logical design and some handy interoperability features.

### Features

Search the Internet with the Firefox web browser, or compose documents, spreadsheets, multimedia presentations, or databases with the OpenOffice.org suite. Enjoy the convenience of the integrated email, calendar, and contact tool called Evolution. You can also organize and listen to music from CDs and MP3s.

Download lyrics and cover art, read about your favorite bands, and research your next history project with embedded Wikipedia browsing.

Install this month's Linux Magazine DVD today with a just few simple clicks and get started exploring the world of Xandros Desktop.

### 1 Year Free Xandros Networks Premium Subscription

As a special bonus for Linux Magazine readers, Xandros is offering a free Xandros Networks Premium subscription for one year. To take advantage of this offer:

1. Click on the Xandros Networks icon on the desktop.
2. Click the **Shop** button in the tree on the left.
3. Click the **US\$ 39** link in the Xandros Networks Premium Membership box.
4. Click the **Buy** button.
5. Fill out all fields, including credit fields. The credit card information is required for processing your order even though you won't be charged.
6. Enter  in the coupon field. (The US\$ 39 discount will be reflected after the credit information is entered, but before the order is confirmed.)

### HELP & SUPPORT
